S.I. 79 of 2014

ANIMAL AND PLANT BIOSECURITY ACT, 2014

(Act 10 of 2014)

ANIMAL AND PLANT BIOSECURITY (ANIMAL) DECLARATION OF NOTIFIABLE DISEASES REGULATIONS, 2014

ARRANGEMENT OF REGULATIONS

1. Citation
2. Notifiable diseases
3. Manner of notification of notifiable diseases
4. Prohibition on importation of notifiable diseases

SCHEDULE
PART I - Amphibian diseases
PART II - Avian diseases
PART III - Bee diseases
PART IV - Cattle diseases
PART V - Crustacean diseases
PART VI - Equine diseases
PART VII - Fish diseases
PART VIII - Lagomorph diseases
PART IX - Mollusc diseases
PART X - Multiple species diseases
PART XI - Sheep and Goat diseases
PART XII - Swine diseases
PART XIII - Other diseases
S.I. 79 of 2014

ANIMAL AND PLANT BIOSECURITY ACT, 2014

(Activity 10 of 2014)

In exercise of the powers conferred by section 137 read with section 21(1) of the Animal and Plant Biosecurity Act, 2014, the Minister of Natural Resources, makes the following Regulations—

1. These Regulations may be cited as the Animal and Plant Biosecurity (Animal) Declaration of Notifiable Diseases Regulations, 2014.

2. The diseases specified in the Schedule are declared as notifiable diseases.

3. A person who knows of or suspects the occurrence of a notifiable pest or disease in Seychelles shall, unless the person reasonably believes that the Director has already been notified of such occurrence, as soon as reasonably practicable notify, the Director of such occurrence either verbally or by any other means of communication which is practicable to that person.

4. A notifiable disease declared under regulation 2 shall be regulated disease for the purposes of section 20(1) and the importation of which is prohibited for all purposes.

### SCHEDULE

(Regulation 2)

**NOTIFIABLE DISEASES**

**PART I – Amphibian diseases**

(a) Infection with *Batrachochytrium dendrobatidis*

(b) Infection with ranavirus
PART II - Avian diseases
(a) Avian chlamydiosis
(b) Avian infectious bronchitis
(c) Avian infectious laryngotracheitis
(d) Avian mycoplasmosis (M. gallisepticum)
(e) Avian mycoplasmosis (M. synoviae)
(f) Duck virus hepatitis
(g) Fowl cholera
(h) Fowl typhoid
(i) Infection with avian influenza viruses and infection with influenza A viruses of high pathogenicity in birds other than poultry including wild birds
(j) Infectious bursal disease (Gumboro disease)
(k) Newcastle disease
(l) Pullorum disease
(m) Turkey rhinotracheitis

PART III - Bee diseases
(a) Acarapisosis of honey bees; Infestation of honey bees with Acarapis woodi
(b) American foulbrood of honey bees; Infection of honey bees with Melissococcus plutonius (European foulbrood)
(c) European foulbrood of honey bees; Infection of honey bees with Paenibacillus larvae (American foulbrood)
(d) Small hive beetle infestation (Aethina tumida); Infestation with Aethina tumida (Small hive beetle)
(e) Tropilaelaps infestation of honey bees; Infestation of honey bees with Tropliellaps spp
(f) Varroosis of honey bees; Infestation of honey bees with Varroa spp. (Varroosis)

PART IV - Cattle diseases
(a) Bovine anaplasmosis
(b) Bovine babesiosis
(c) Bovine genital campylobacteriosis
(d) Bovine spongiform encephalopathy
(e) Bovine tuberculosis
(f) Bovine viral diarrhoea
(g) Contagious bovine pleuropneumonia; Infection with Mycoplasma mycoides subsp. Mycoides SC (Contagious bovine pleuropneumonia)
(h) Enzootic bovine leukosis
(i) Haemorrhagic septicaemia
(j) Infectious bovine rhinotracheitis/infectious pustular vulvovaginitis
(k) Lumpy skin disease
(l) Theileriosis
(m) Trichomonosis
(n) Trypanosomosis (tsetse-transmitted)

PART V - Crustacean diseases
(a) Crayfish plague (Aphanomyces astaci)
(b) Infectious hypodermal and haematopoietic necrosis
(c) Infectious myonecrosis
(d) Necrotising hepatopancreatitis
(e) Taura syndrome
(f) White spot disease
(g) White tail disease
(h) Yellowhead disease
PART VI - Equine diseases
(a) African horse sickness; Infection with African horse sickness virus
(b) Contagious equine metritis
(c) Dourine
(d) Equine encephalomyelitis (Western)
(e) Equine infectious anaemia
(f) Equine influenza
(g) Equine piroplasmosis
(h) Equine rhinopneumonitis; Infection with equid herpesvirus-1 (EHV-1)
(i) Equine viral arteritis; Infection with equine arteritis virus
(j) Glanders
(k) Venezuelan equine encephalomyelitis

PART VII - Fish diseases
(a) Epizootic haematopoietic necrosis
(b) Infection with Alphamoeyces invadans (Epizootic ulcerative syndrome)
(c) Infection with Gyrodactylus salaris
(d) Infectious haematopoietic necrosis
(e) Infectious salmon anaemia
(f) Koi herpesvirus disease
(g) Red sea bream iridoviral disease
(h) Spring viraemia of carp
(i) Viral haemorrhagic septicaemia

PART VIII - Lagomorph diseases
(a) Myxomatosis
(b) Rabbit haemorrhagic disease

PART IX - Mollusc diseases
(a) Infection with abalone herpes-like virus
(b) Infection with Bonamia exitiosa
(c) Infection with Bonamia ostreae
(d) Infection with Marteilia refringens
(e) Infection with Perkinsus marinus
(f) Infection with Perkinsus Olsen
(g) Infection with Xenohaliotis californiensis

PART X - Multiple species diseases
(a) Anthrax
(b) Aujeszky's disease; Infection with Aujeszky virus
(c) Bluetongue
(d) Brucellosis (Brucella abortus)
(e) Brucellosis (Brucella melitensis)
(f) Brucellosis (Brucella suis)
(g) Crimean Congo haemorrhagic fever
(h) Infection with Echinococcus granulosas
(i) Infection with Echinococcus multilocularis
(j) Epizootic haemorrhagic disease
(k) Equine encephalomyelitis (Eastern)
(l) Foot and mouth disease
(m) Heartwater
(n) Japanese encephalitis
(o) Leptospirosis
(p) New world screwworm (Cochliomyia hominivorax)
(q) Old world screwworm (Chrysomya bezziana)
(r) Paratuberculosis
(s) Q fever
(t) Rabies; Infection with rabies virus
(u) Rift Valley fever
(v) Rinderpest
(w) Surra (Trypanosoma evansi)
(x) Trichinellosis infection with Trichinella spp
(y) Tularemia
(z) Vesicular stomatitis
(aa) West Nile fever

PART XI - Sheep and goat diseases
(a) Caprine arthritis/encephalitis
(b) Contagious agalactia
(c) Contagious caprine pleuropneumonia
(d) Enzootic abortion of ewes (ovine chlamydiosis); Infection with Chlamydophila abortus (Enzootic abortion of ewes, ovine chlamydiosis)
(e) Maedi-visna
(f) Nairobi sheep disease
(g) Ovine epididymitis (Brucella ovis)
(h) Peste des petits ruminants; Infection with Peste des petits ruminants virus
(i) Salmonellosis (S. abortusovis)
(j) Scrapie
(k) Sheep pox and goat pox

PART XII - Swine diseases
(a) African swine fever
(b) Classical swine fever; Infection with Classical swine fever virus

(c) Nipah virus encephalitis
(d) Porcine cysticercosis
(e) Porcine reproductive and respiratory syndrome
(f) Swine vesicular disease
(g) Transmissible gastroenteritis

PART XIII – Other Diseases
(a) Camelpox
(b) Leishmaniosis

MADE this 17th day of October, 2014.
